Patient & Caregiver Purchase Disclosures

- Terra Pharm requires all patients new to medical marijuana therapy to receive a pharmacist consult and encourage all patients new to our location to also receive a consult with our pharmacists. However, if you have received a consult with a pharmacist at another location prior to visiting us, you may opt to waive a consult and purchase product. Our pharmacists are always available for follow-up consults as needed to help maximize your therapy.
_____ I am a new patient/caregiver and require a pharmacist consult.
- Patient/Caregiver agrees not to open or consume medical marijuana within 1000 feet of the facility or in any other place prohibited by law and medical marijuana must be kept in the original packaging with all labels intact. Management recommends that you open your medical marijuana in private, at home or in a similar environment.
- Under the law of the Commonwealth of Pennsylvania, I understand that I am not immune from the imposition of any civil, criminal, or other penalties for:
 - Operating, navigating, or being in physical control of any motor vehicle, boat, or aircraft while under the influence of medical marijuana.
 - Consumption of medical marijuana in any public place
 - Consumption of medical marijuana in a motor vehicle
 - Undertaking any task under the influence of medical marijuana when doing so would constitute negligence or professional malpractice.
- It is unlawful for anyone other than the Patient/Caregiver to possess or use medical marijuana. I understand it is illegal to divert, transfer, sell, or give this or any medical marijuana products to anyone other than the Patient/Caregiver to whom it was dispensed. I agree to keep all medical marijuana away from children, other than the patient.
- It is unlawful under Federal Law, to possess, use, manufacture or distribute Marijuana. I understand obtaining medical marijuana under Pennsylvania Law and regulations does not exempt me from Federal prosecution, under the laws and penalties provided by the Federal government.
- I understand that scientific research has not established the safety of medical marijuana use by pregnant women and nursing mothers.
- The FDA Center for Drug Evaluation and Research ensures drugs marketed in the United States are safe and effective. Because Medical marijuana remains a Schedule 1 substance under the Controlled Substance Act, it has not received FDA approval. I understand the use of medical marijuana to treat a medical condition is not yet approved by the U.S Food and Drug administration.
